- We will check and predict the wine quality and provide the resultant review of the wine to the customer from the dataset.
- Machine Learning, Python

## ACHIEVEMENTS

 Certification Course in Web Development by internshala

 Certification Course in Java Programming by Remark Skill Education.

## SKILLS

**Computer Languages:**

Java, C, HTML, CSS, JavaScript, SQL, Python.

**Computer Science Skills:**

Data Structures, Object-Oriented Programming

**Software:**

IntelliJ, Eclipse, Visual Studio code.

## Training/Internship

Java Developer Intern

**Remark Skill Education**

 28 Mar – 8 May 2022  Online

- Project on **Java Interview Questions** Creating a database first where we will store information about user in table.
- Creating another table where we will store answer.
- When user will start the application welcome screen must be displayed and ask user to enter name and mobile number.
- After that ask him to select start quiz.
- After starting quiz give him questions and for each correct answer increase his score
- At last store the score in table.

Web Development

**Internshala**

 August 2022-sept 2022  Online

Successfully completed a 8 weeks online certified training on Web Development. The training consisted of HTML, CSS, Bootstrap, DBMS, PHP, JS, React, and Final Project modules.

## HOBBIES & INTERESTS

- Dancing
- Playing Cricket
- Listening Music
